Natural Environment

The Hillsborough MPO invites you to an open house with the MPO Board and its committees to learn more about potential environmental and natural impacts associated with FDOT's interstate modernization plans. This is the second in a series of open houses and briefings providing a forum for FDOT to respond to MPO Board motions as well as MPO committee and public comments on the Tampa Interstate Study (TIS) Supplemental Environmental Impact Statement (SEIS).

The informal format is an opportunity to view large map displays of the concepts and talk with experts about potential environmental impacts, including health, air quality, noise, and water management.

A third open house addressing traffic impacts will be scheduled this summer. In addition, FDOT will provide more details at public workshops to be held later this spring. Learn more at: tampabaynext.com
