

Additional FDOT Projects

I-275 CAPACITY IMPROVEMENTS PROJECT

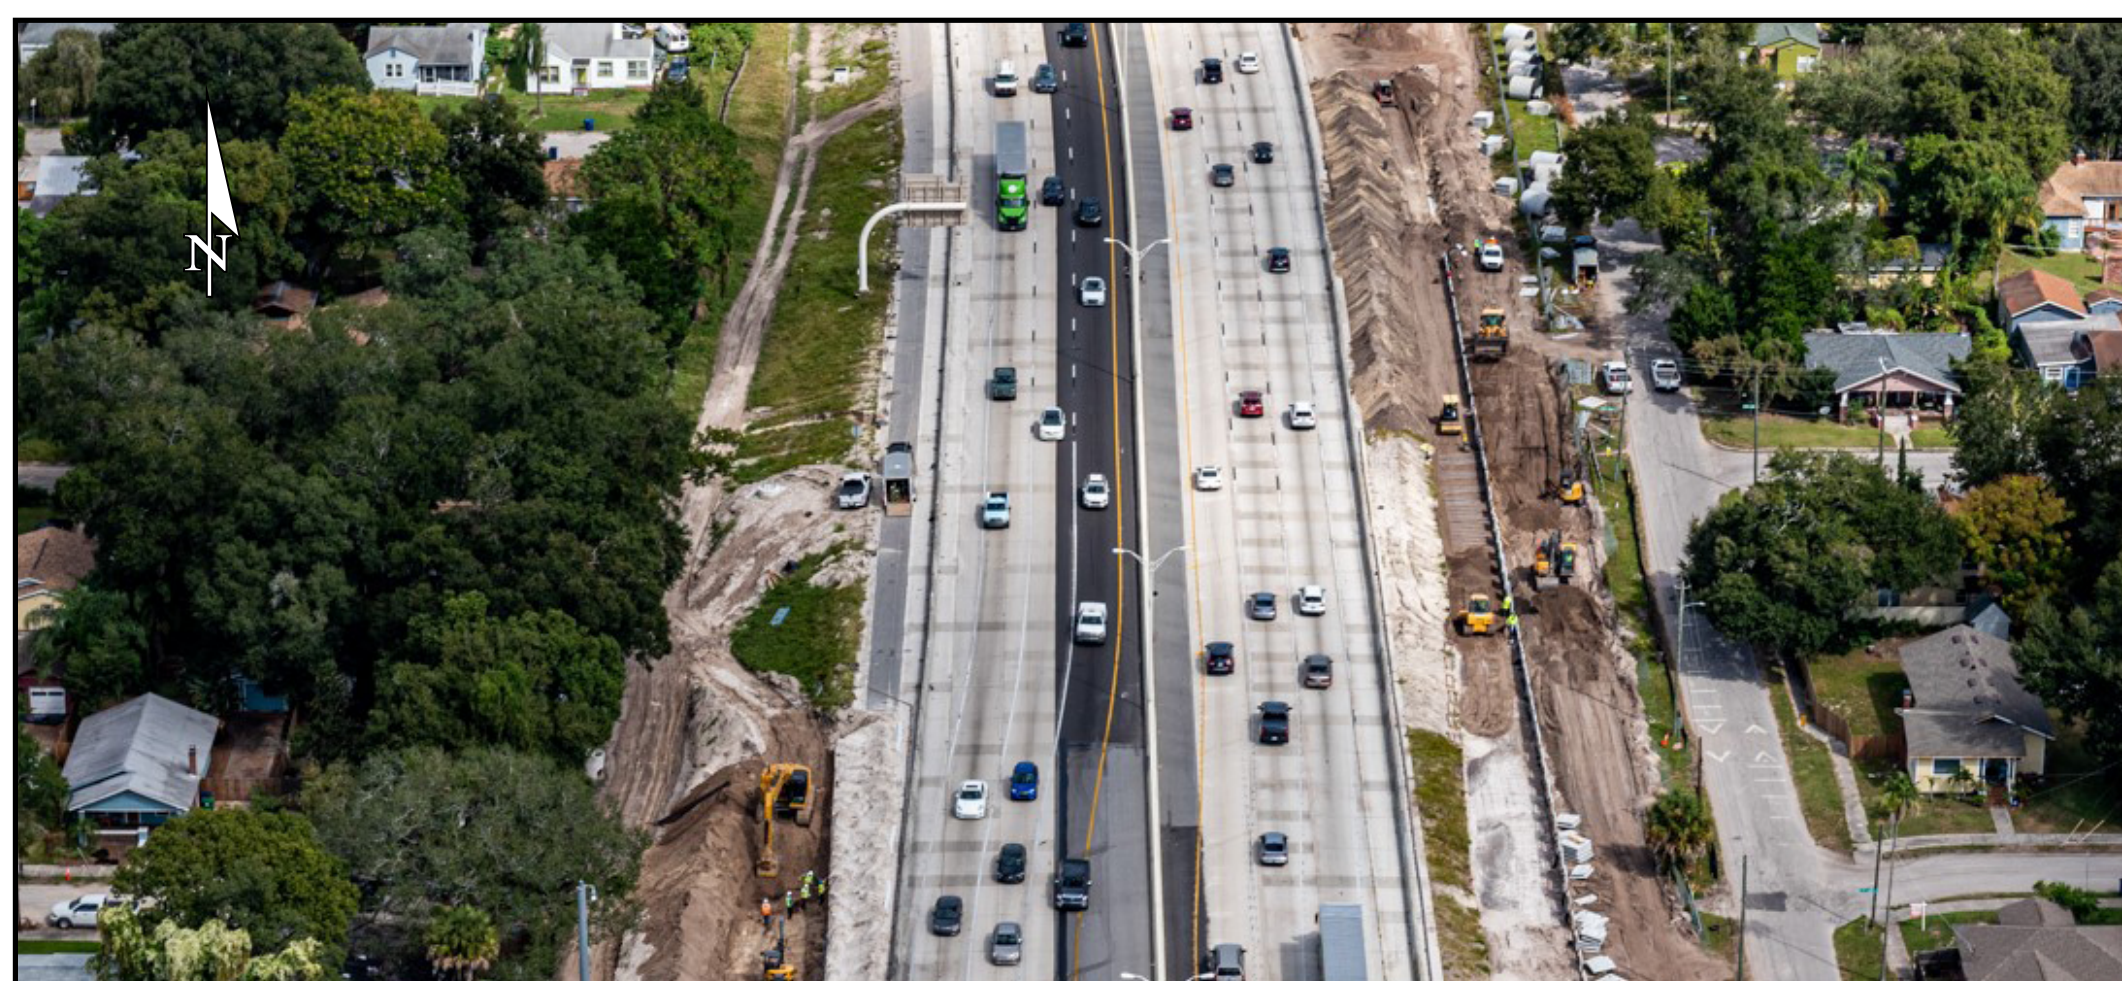

FPNs 431821-2-52-01, 443770-1-52-01

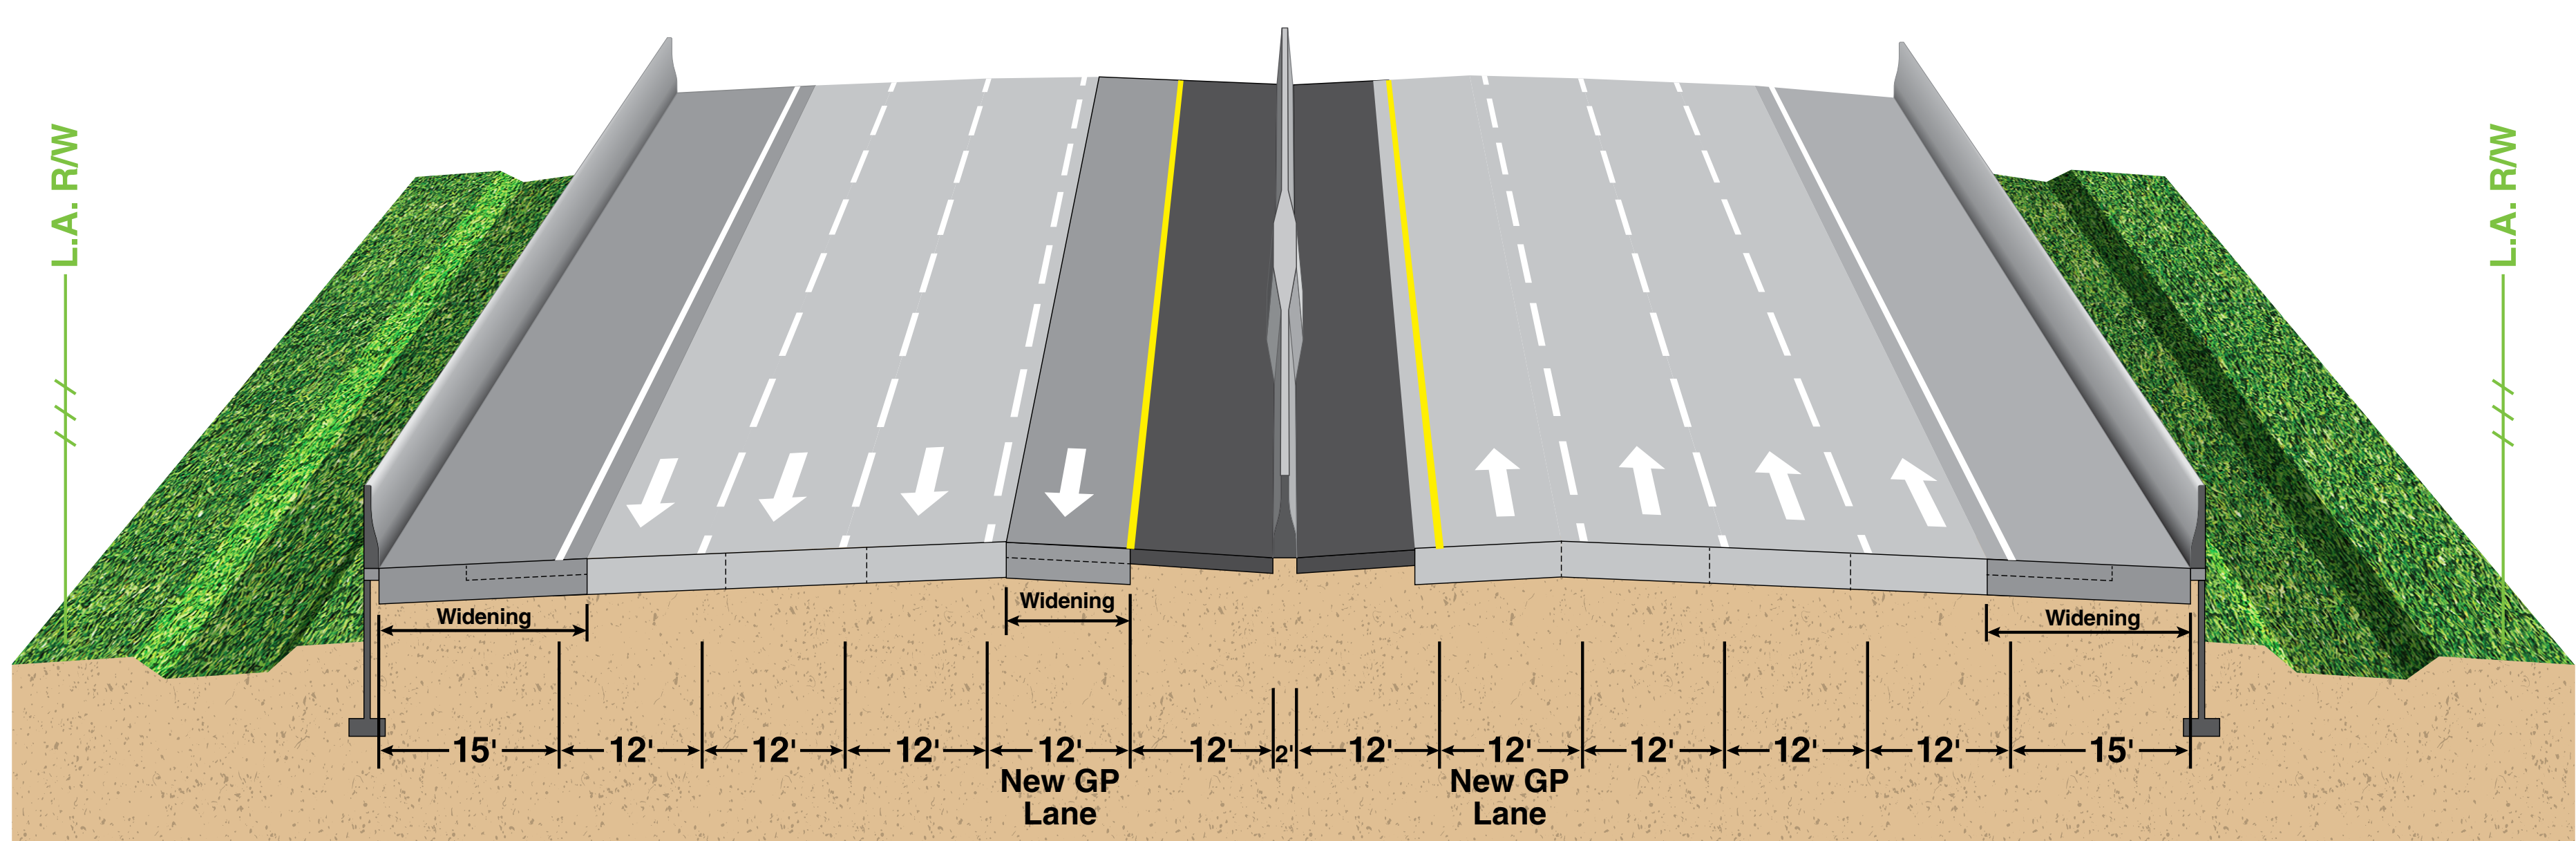

Project Overview

- Project is widening I-275 within the existing right-of-way and adding one additional general use lane in each direction
- Wide shoulders will accommodate transit
- Noise barriers along corridor, including at Robles Park
- Aesthetics, fencing, lighting, and signage
- Underpass improvements including wide sidewalks, aesthetic enhancements, underdeck lighting and tall gravity walls

For More
Information

OSBORNE AVENUE

- Brick X pattern retaining walls along I-275 shoulder
- 5-foot flat top picket fencing on top of 8-foot gravity walls
- Widened concrete sidewalk
- City of Tampa to stamp concrete sidewalk and add public art on the face of the gravity wall

FLORIBRASKA AVENUE, LAKE AVENUE, AND CHELSEA STREET

- Shell/coral pattern retaining walls along I-275 shoulder
- 5-foot flat top picket fencing on top of 8-foot gravity walls
- Widened concrete sidewalk

HILLSBOROUGH AVENUE

- A full height retaining wall will replace the existing sloped pavement under the bridge
- Widened concrete sidewalk
- City of Tampa to stamp concrete sidewalk and add public art on the face of the full height retaining wall

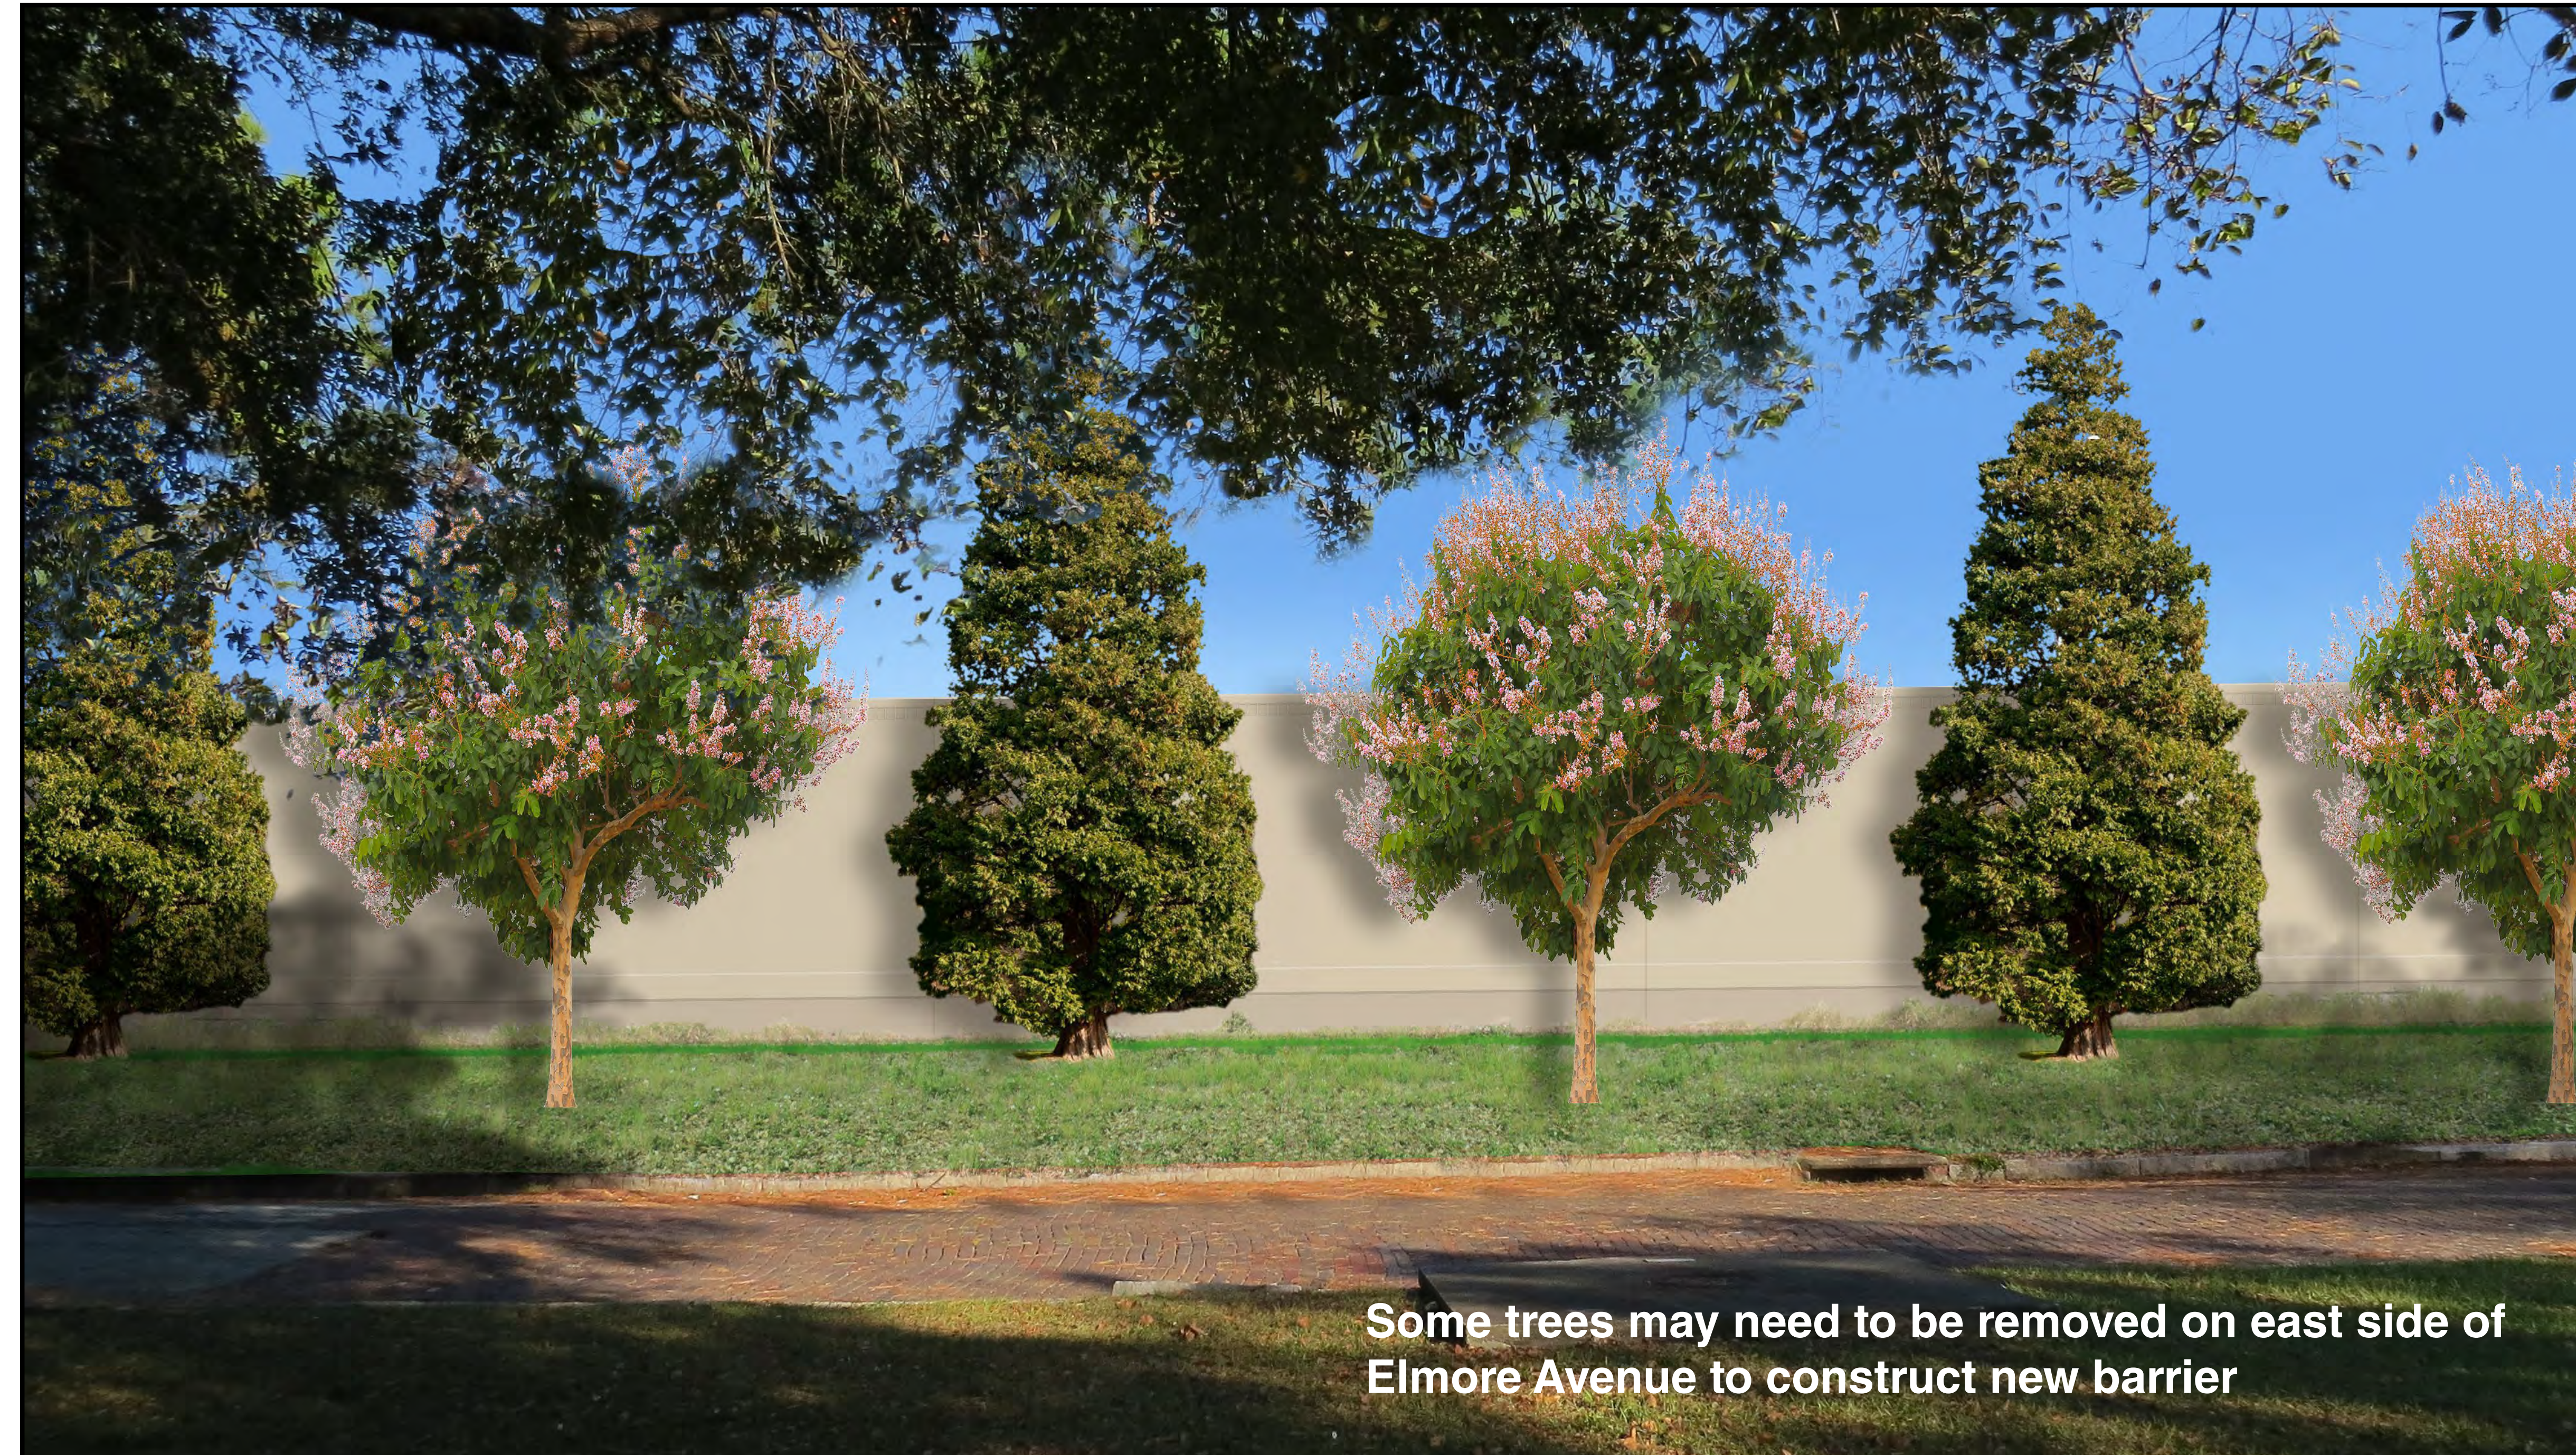

DR. MARTIN LUTHER KING, JR. BOULEVARD

- A full height retaining wall will replace the existing sloped pavement under the bridge
- Widened concrete sidewalk

- FDOT will construct a 14-foot noise barrier along Robles Park
- Will be completed as part of current I-275 construction project
- Landscaping will be completed following construction

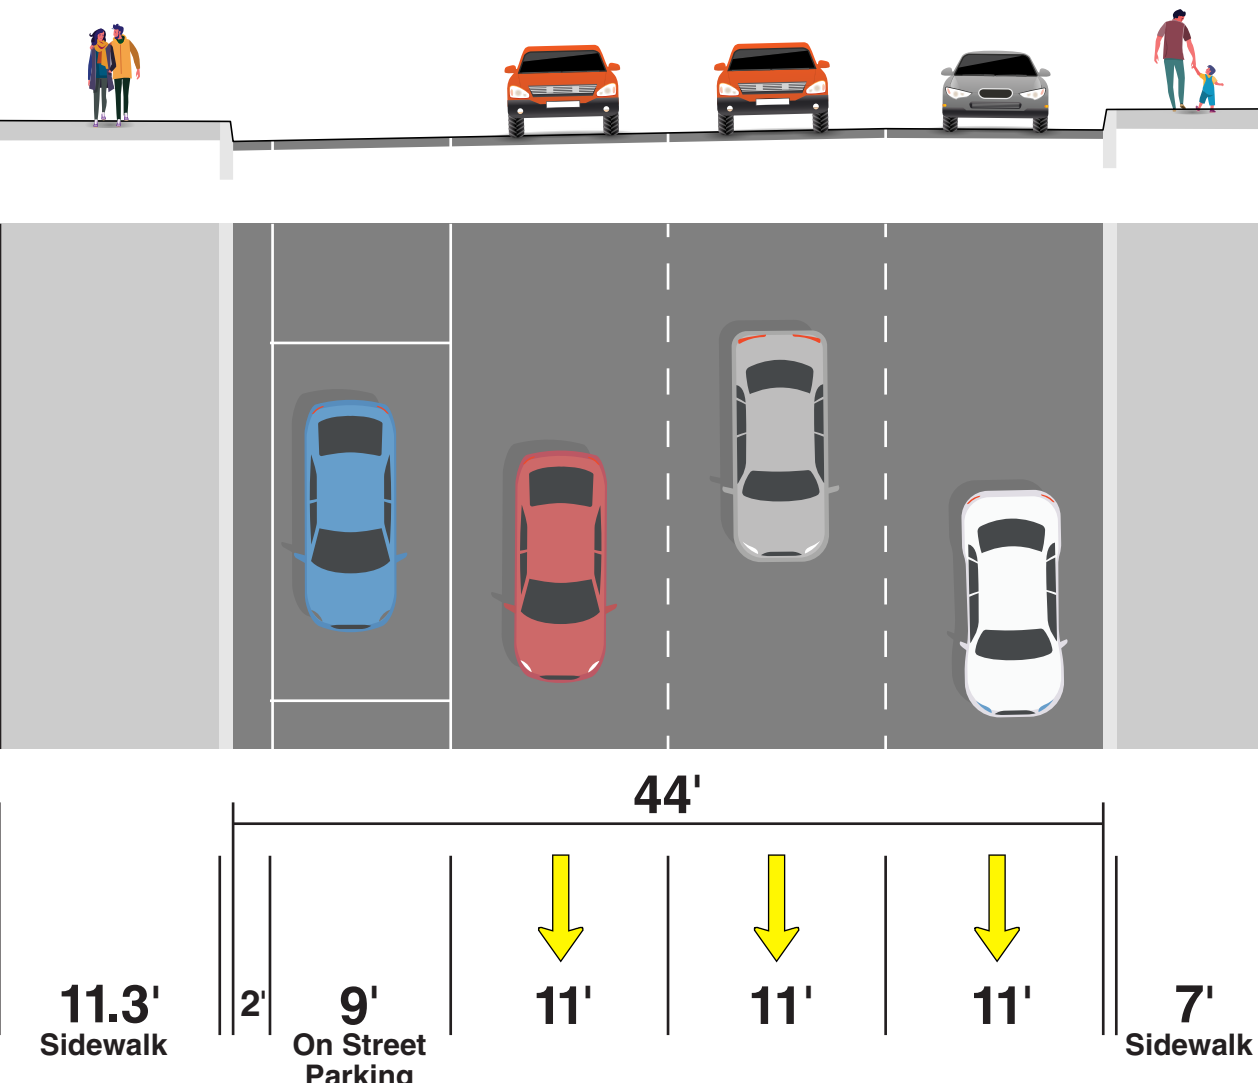

Some trees may need to be removed on east side of Elmore Avenue to construct new barrier

14-foot cast in place noise barriers on I-275 shoulder at Robles Park looking East
