

FDOT has identified locations that can be activated as community spaces. These spaces will be maintained by the City of Tampa.

1. Ybor City

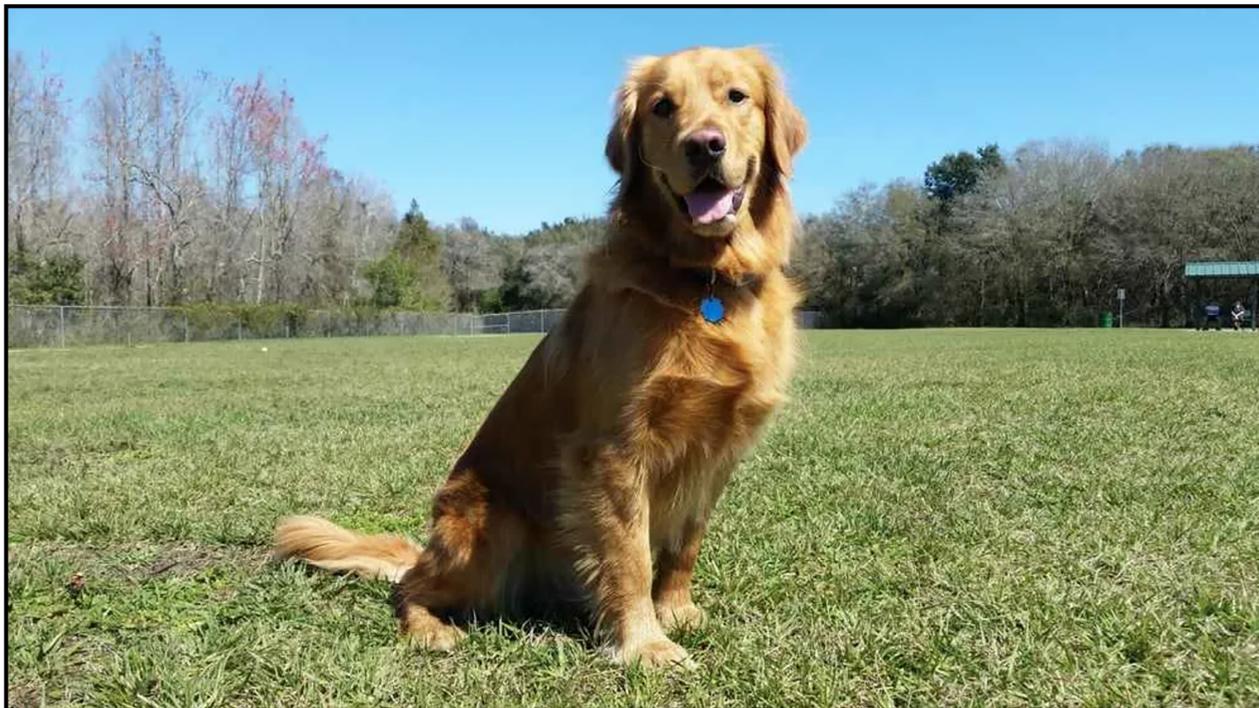

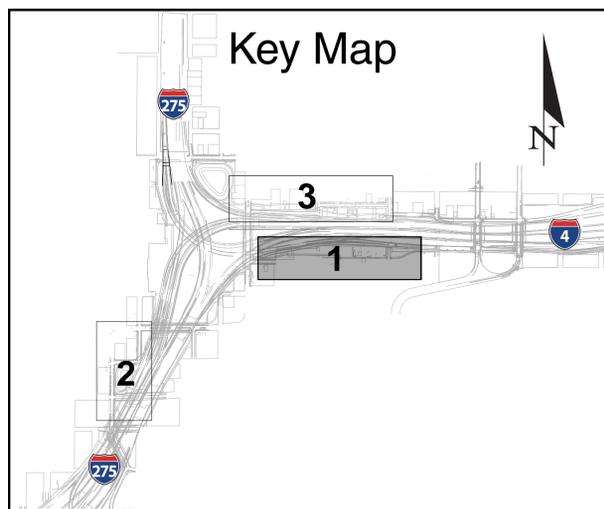

2. Tampa Heights

3. V.M. Ybor

Previous outreach, including surveys, identified dog parks and pickleball courts as the preferred uses at all community space locations.

LEGEND

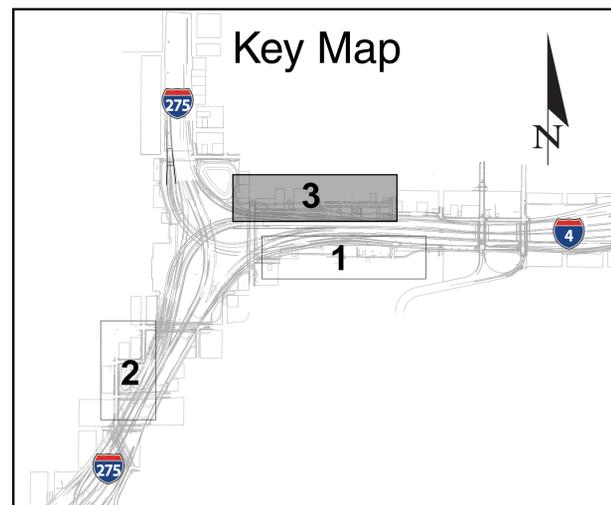

- Pickleball courts
- Fitness station
- Bicycle repair station / bike rack
- Gaming table

Each Community Space will include water fountains and benches.

This graphic is conceptual. As design progresses, further details will be shared with the public. Spaces will be maintained by the City of Tampa.

TRAIL LIGHTING LOCATIONS Along Existing Tampa Heights Trail

- Solar lighting
- Portions of the existing pathway to be lighted by end of 2023
- Remainder of the existing trail and new shared use path to be constructed with the DTI project will include solar lighting

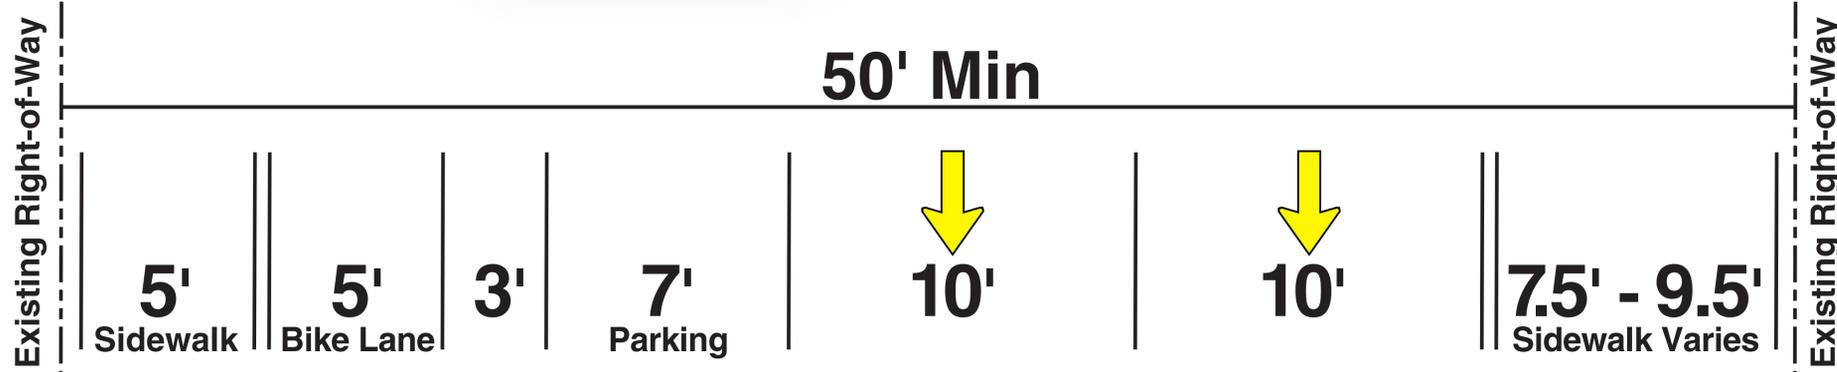

14TH STREET IMPROVEMENTS

Project Limits: Columbus Dr to 13th Ave

Project will:

- Add a southbound bike lane at the curb, separated by parking
- Add raised islands at either end of the block to add separation for parking and bike lanes

What is Microtunneling

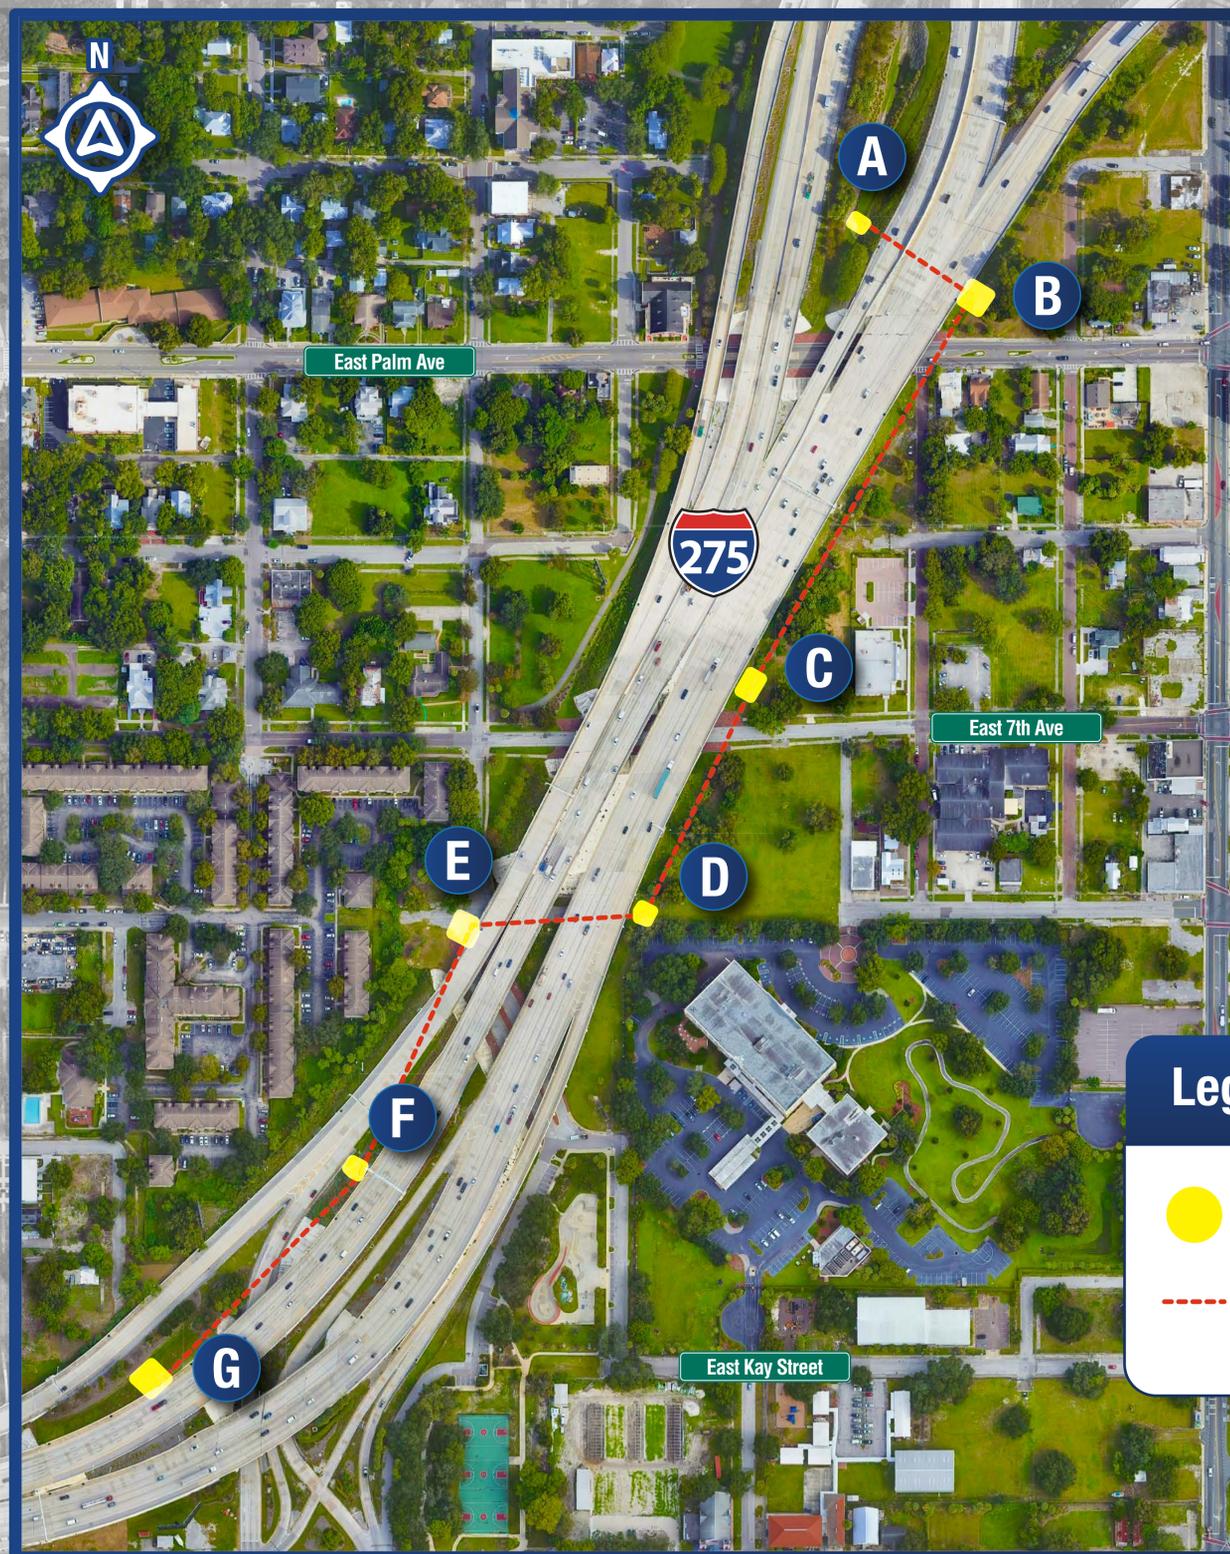

- A trenchless construction method to install pipe

Benefits of Microtunneling

- Minimizes excavation and community impacts

Work activities for microtunneling operations have begun in advance of major construction activities.

Legend

-  Microtunneling Pits
-  Pipe Path Underground

Microtunneling Video #1

Microtunneling Video #2

Preliminary construction activities are underway, with significant work starting late Summer 2023

Construction activities are taking place during the daytime and nighttime hours

Work requiring lane closures will occur at night between 9 p.m. and 6:30 a.m.

Occasionally, interstate ramp closures may occur at night between 11 p.m. and 5 a.m. for overhead signage and underpass work

Advanced warning signs and electronic message boards will assist motorists

Sign up to receive information about upcoming construction activities, lane closures, and detours
